

JOURNEY ACROSS AUSTRALIA

Only minutes from Canberra's city centre you will find a treasure of Australian plants and landscapes. Take a journey across Australia from the coastal rainforest to the arid Red Centre and admire the diversity of over 6,300 native plant species all in one location.

A garden for all to enjoy

The Gardens offer a great day out for families, couples, groups and people of all ages. You can relax with a picnic, enjoy an event or exhibition or immerse yourself in the beauty of Australian plants and landscapes. Learn more about Australian plants on a guided walk or follow one of the many self-guided walking trails on offer.

THE GARDENS

Our themed gardens allow visitors to experience the range of Australian plants and landscapes on display.

RAINFOREST GULLY

Wander the boardwalks that guide you through the cool rainforests of eastern Australia from Tasmania to Queensland.

ROCK GARDEN

Listen to the sounds of the waterfall and discover some of the smallest, most delicate plants growing in the Gardens. It's also a great place to spot water dragons in spring and summer.

GRASSY WOODLAND GARDEN

Take the boardwalk through the eucalypt woodland containing a rich diversity of grasses and other understorey plants.

ASTERACEAE GARDEN

Get up close and experience the diversity of Australian daisies – from tiny annuals to large showy shrubs.

RED CENTRE GARDEN

Experience the iconic plants, rich red sand, rocks and landscapes of Central Australia.

SYDNEY REGION FLORA

Uncover the beauty of the flora from the Blue Mountains and Sydney sandstone regions.

EUCALYPT LAWN

Relax on the open lawn area surrounded by over 70 species of eucalypts. A perfect place for a picnic!
